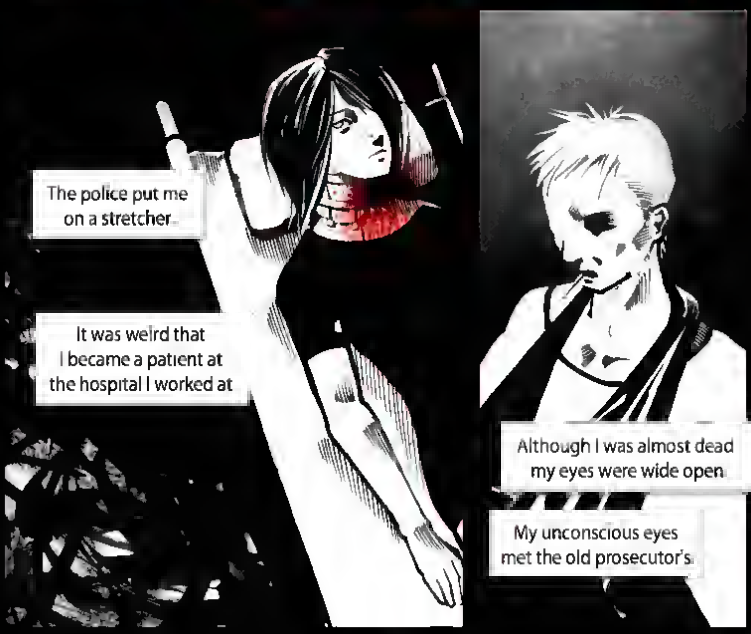
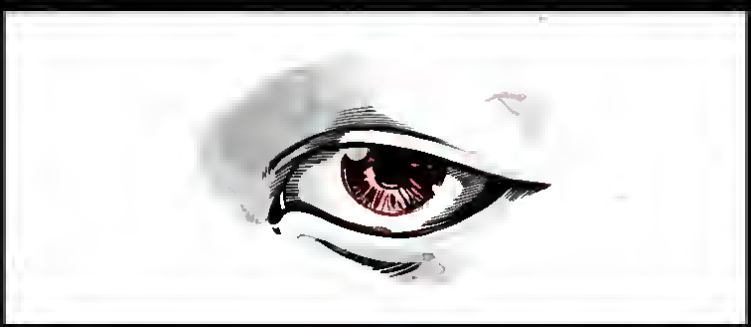
Is she okay?
Her cut is very deep. She could die at any moment.
SWAT
Can you save her?

I can't do much here. We need to get her to another hospital quickly.
Alright. I'll take her. You guys can take care of the rest.
HOMESICK
-28-
Hey! Bring a stretcher!

The blood-soaked halls were bustling with people



The police put me on a stretcher.
It was weird that I became a patient at the hospital I worked at
Although I was almost dead my eyes were wide open.
My unconscious eyes met the old prosecutor's.



The prosecutor looked away.
He murmured to himself as though he didn't like the way I looked at him.

Oh no. They found Kim first.
How long has it been since she cut herself?
It's been a little over an hour. Damn. She told me she would be in danger after an hour.
That medic won't be able to perform such a complicated surgery.
They're probably moving her to another hospital. Looking at her current situation, she'll die on the way.

Then what do we do?
.....

I can save her. However, the police won't believe me.
!!!

KIM
POLICE
POSTER
ME
If I try to explain the situation, Kim will die of blood loss.

I know what we can do.

It'll be possible if I bring Kim myself.

To be continued...
